ST2–B Teaching Programme February to July 2021

In this semester we focus on the Area of Capability entitled “Caring for the whole person and the wider community”:

<https://www.rcgp.org.uk/training-exams/training/gp-curriculum-new/being-a-general-practitioner/how-the-curriculum-is-structured.aspx>

The goal is moving beyond disease-centred care and into holistic, person-centred care.

In your ST2 post, we encourage you to try and reflect both in and out of work on the impact of health on the patient as a whole person, and as a member of a community (whether a family, a local area, a town-based population, and as a member of the human species).

If you haven't done so already, take advantage of your hospital placement to consider how in-hospital treatment and management might be different in a GP-setting. And if you are in a GP post, be sure to look at the differences between your now advanced hospital experience and how it compares.

To support your learning, the teaching programme topics in this semester look to focus on areas of medicine that you may not have encountered within hospital, as well as on GP-focussed approaches to certain problems and issues.

We encourage you to consider teaching sessions in advance, and make use of guest speakers by asking questions and engaging in sessions.

Teaching Schedule

Teaching is held on Tuesday afternoons. Until further notice, teaching will be held via Zoom or MS Teams. Where possible you should try and access these in a place where you will be undisturbed. Here are the video-conferencing etiquette rules:

ZOOM RULES

- Camera ON
- Mic OFF*
- Do not Disturb
- Phones OFF
- Break and rest eyes at least once an hour.
- Raise hand or use chat box to ask questions
- Be an active participant
- Respect Confidentiality

Everyone should attend the sessions in **blue**. The Consultation Skills sessions in **yellow** are just for those in GP-based posts.

If you are in a GP post, then you should also attend the ST2 Consultation skills course.

You will be sent an email each week in advance with the upcoming session information, which will also be posted on the Course website: http://boltongptraining.org.uk/?page_id=35

Absence

If you won't be able to attend teaching and know in advance, please inform Carole Kennedy at the Education Centre: Carole.Kennedy@boltonft.nhs.uk (you can copy in gpeducatorsbolton@gmail.com also so we know not to expect you).

A register is taken at each session so that your Education Supervisor can complete your annual report. More information about teaching absence is available at http://boltongptraining.org.uk/?page_id=1255
